

Alphacool ES 19" rackmount rails with rail support

Alphacool article number: 10182

Quick Info

The Alphacool ES 19" rackmount rails with rail support offer optimal mounting for the Alphacool ES 19" server racks as well as standardized 19" server cases. Developed for professional use, they offer maximum stability and precise guidance for the installed server hardware.

- Adjustable rail depth
- Smooth and precise rail guidance
- Integrated support for additional stability
- Compatible with most network rack devices

Scope of delivery

1x 19" set of slide rails for rack mounting
6x Mounting screws

Technical data

Dimensions (L x W x H)	55,4/87,9 x 4,5 x 4,2 cm
Maximum Rail Depth	87,9 cm
Minimum Rail Depth	55,4 cm
Load capacity	70 kg
Material	Steel
Weight	1,798 kg
Serverrack standard	EIA/ECA-310
Color	Grey
Compatibility	Alphacool ES 19" Serverrack, 19" Serverrack with EIA/ECA-310 standard

Packaging dimensions per unit

L x W x H	645 x 117 x 75 mm
Weight	2060 g

Other data

Certificates	CE, FC, RoHS
EAN	4250197101820
Customs code	85043180900

Article text

The Alphacool ES 19" rackmount rails with rail support offer optimal mounting for the Alphacool ES 19" server racks as well as standardized 19" server cases. Developed for professional use, they offer maximum stability and precise guidance for the installed server hardware.

The Alphacool ES 19" rackmount rails with rail support are the ideal addition or extension for the Alphacool ES 19" open frame server rack or standardized 19" open frame server racks as well as the Alphacool ES 19" server racks. These slide rails are specially developed for industrial requirements and their robust construction ensures high load capacity and durability.

Fastening and maintainability

These slide rails enable smooth installation and maintenance of server hardware in a 19" open frame server rack. They ensure secure fastening and facilitate access to the server components during maintenance work. The integrated rail support provides additional stability, even when fully loaded. The Alphacool ES 19" rackmount rails with support are designed for server racks with the EIA/ECA-310 standard and are compatible with all server racks that comply with this standard. The load capacity of the slide rails is 70 kg, which makes them suitable for universal use.
