Revolutionise your system with the Eisbaer Extreme Core, the foundation of your new watercooled PC. We believe that the Alphacool Eisbaer Extreme Core Radiator with pump is stronger, more beautiful and quieter than anything you've ever known in water cooling.

Pure Performance

The Eisbaer Extreme is a brand-new design for Alphacool. A high-quality housing encloses the radiator and fans as well as a patented pump/reservoir combination. With the Eisbaer Extreme you have the coolest cooling for your hardware.

Progress into a New Age

Alphacool gives you the flexibility you need. Use your Eisbaer Extreme perfectly thanks to the new Eisbaer Ready quick-release couplings. These are compatible with all Eiswolf / Eisbaer quick release connections. The redesigned, powerful VPP755 Eispump gives you the flow you need.

Individual

With the Eisbaer Extreme you decide how your system is structured. You can expand this All-in-One at any time with additional components, modify it or fill it according to your desires. Whether you install the Eisbaer Extreme horizontally or vertically, it's up to you how you showcase your water cooling system.
