## Packaging dimensions per unit

L x W x H	105 x 85 x 20 mm
Weight	27 g

## Other data

Certificates	CE, FC, RoHS
EAN	4250197129701
Customs code	84199085900

## Article text

The Alphacool AM4 screw set includes all the necessary components to securely and reliably mount a wide range of Alphacool CPU coolers onto a motherboard with an AMD AM4 socket. It is specifically designed for a simple yet stable installation, ensuring optimal contact between the CPU and the cooler – a key factor for effective heat transfer.

This screw set is compatible with all common Alphacool Eisbaer all-in-one CPU water cooling systems as well as the XPX series of coolers. It is ideal for users looking to upgrade their system, replace individual components, or retrofit their cooling setup.

### Compatible to:

Alphacool Eisbaer LT  
Alphacool Eisbaer  
Alphacool Eisbaer Aurora  
Alphacool Eisbaer Pro  
Alphacool XPX  
Alphacool XPX Pro

### Important Note:

The screw set is not compatible with all Alphacool XP<sup>3</sup> CPU coolers.

**Important:** We cannot exclude that some AM4 motherboards are not compatible with the mounting frame. Please print out the following PDF. On it you can see the mounting frame in 1:1 format. You can cut out the frame and put it on your mainboard. Check whether any surrounding components collide with the mounting frame.
