Packaging dimensions per unit

L x W x H	110 x 88 x 20 mm
Weight	85 g

Other data

Certificates	CE, FC, RoHS
EAN	4250197176309
Customs code	74198090990

Article text

Alphacool's Eiszapfen series is future-oriented and characterized by excellent workmanship and high flow.

Ball valves have always been a flow brake, making life difficult for each pump. Then, Alphacool has developed a ball valve represents no obstacle to a diameter of 10mm.

The inside scoop closes absolutely tight, thus preventing further escape of liquid. On both sides all 1/4" connections with a maximum thread length of 6mm can be screwed.
