Article text

Now the popular Nova radiator can also be used with four respectively 8 180mm fans (when using fans on both sides)!

For the user this means extremely good cooling performance combined with reduced noise emissions. This faceplate can simply be mounted instead of the standard nova radiator grill.

Fan compatibility:

Hole size: 180mm

Fan type: Compatible for fans with a hole spacing of 165x165mm, diagonally 235mm
