Alphacool Apex Benchtable

Alphacool article number: 25056

Quick Info

The Alphacool Apex Benchtable combines premium design, maximum flexibility, and a well-thought-out construction. Whether for demanding hardware testing, frequent component changes, or a custom high-end system, the benchtable's design allows easy access to components and offers a wide range of possibilities.

- Can be completely disassembled
- Carbon Rods & Aluminum Connectors
- Supports ATX, Micro-ATX, Mini-ITX, and E-ATX
- Supports ATX power supplies
- Radiator Mounts: 1x 360 mm, 1x 240 mm, 1x 120 mm

Scope of delivery

1x Alphacool Apex Benchtable
7x PCIe IO Bracket
1x Support Bracket
7x M4x12mm Screw
6x M4x6mm Screw
3x Cable Clamp Motherboard
17x 6-32 UNC 6mm Screws
3x Cable Clamp Case Tube
3x Cable tie

Technical data

Dimensions (L x W x H)	466.86 x 460.86 x 415.43 mm
Material tubes	CFRP / carbon
Material radiator panels	CFRP / carbon
Material corners	Aluminium (AlMg1SiCu)
Material motherboard tray	Aluminium (AlMg1SiCu)
Supported radiators	1x 360 mm, 1x 240 mm, 1x 120 mm
Supported fans	6x 120 mm
Supported motherboards	ATX, Micro-ATX, Mini-ITX, E-ATX (without Motherboard Backplate)
Supported PSU	ATX
Front I/O Connectivity Options	2x USB 3.0 (Type A), 1x audio out, 1x microphone in
Color	Carbon, black

Packaging dimensions per unit

L x W x H	590 x 590 x 370 mm
Weight	5396 g

Other data

Certificates	CE, FC, RoHS
EAN	4250197137195
Customs code	84733080000

Article text

The Alphacool Apex Benchtable combines premium design, maximum flexibility, and a well-thought-out construction. Whether for demanding hardware testing, frequent component changes, or a custom high-end system, the benchtable's design allows easy access to components and offers a wide range of possibilities.

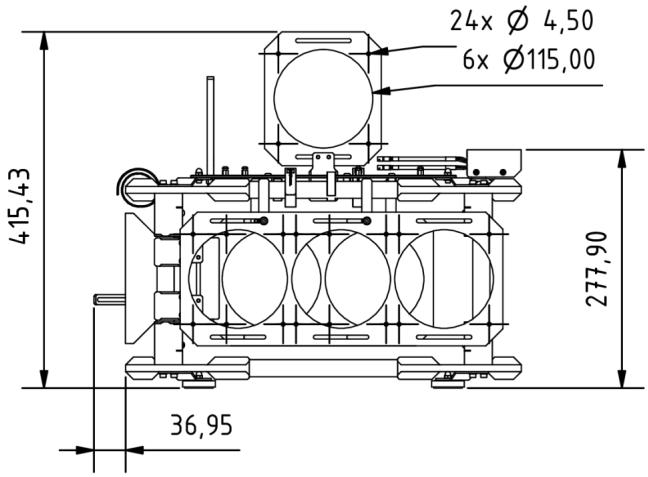

The construction featuring carbon rods and CNC-machined aluminum connectors gives the Apex Benchtable a premium, technical appearance. The combination of materials ensures a sturdy yet lightweight frame. Thanks to its modular design, the benchtable can be completely disassembled.

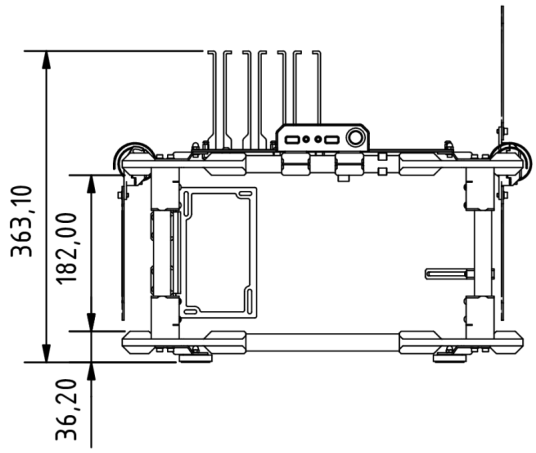

The Alphacool Apex Benchtable supports ATX, Micro-ATX, Mini-ITX, and E-ATX motherboards, offering broad compatibility with a wide range of system configurations. The benchtable features a mounting bracket for ATX power supplies. The open design ensures easy access to all components.

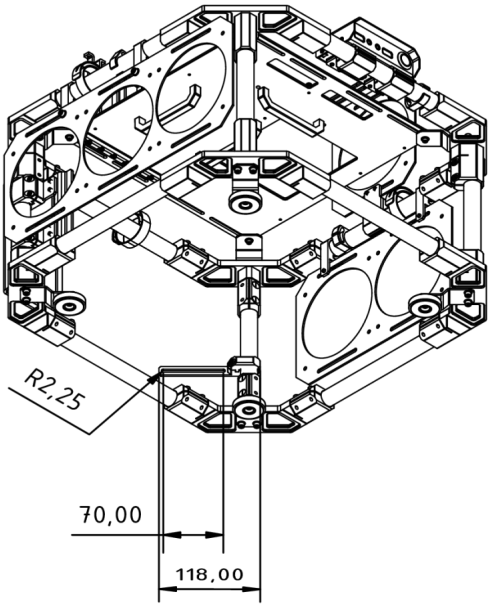

The Alphacool Apex Benchtable offers flexible mounting options for water cooling components. In addition to accommodating one 360 mm, one 240 mm, and one 120 mm radiator, it also provides a mounting option for a reservoir. This makes the benchtable an ideal foundation for water-cooled test systems and hardware configurations that require frequent component changes.
