ALPHACOOOL – THE COOLING COMPANY

Alphacool Laing DCC PUMP

Model: 310

Article Number	Productname	EAN
13178	Alphacool Laing DDC310 – Single Edition – Silver	4250197131780
13179	Alphacool Laing DDC310 – Single Edition – Black	4250197131797
13180	Alphacool Laing DDC310 – Complete Edition – Silver / Plexi	4250197131803
13181	Alphacool Laing DDC310 – Complete Edition – Black / Acetal	4250197131810

	Data	Unit
Product:	Alphacool DDC310	
EANCode		
Rated Voltage :	12	VDC
Operating Temp.	10 – 60	°C
Operating Room Temp	10 – 50	°C
Max hydraulic Performance (QxH=max)	0,96W (200l/hx1,72m)	
Max Head of Pump (H)	2,44	m
Max Input Power	10.4	W
Max Input	0,87	A
Protection	Drive only, IP00	
Dimensions (LxWxH) :	61 x 60 x 21	mm
Power Connector :	2 Pol (4Pin Molex)	Pin
Speed Connector :	1 Pol (3 Pin Molex)	
Weight :	150	g
Possible Media	Pure Water	

Hydraulic Curve

The Measurement must according to appointed direction of coolant entrance at rated voltage, after numbers of rotations is stable, please reference to curve.

Test Curve Condition:
 Input Voltage: 12 VDC
 Room temperature 25°C
 Humidity: 65%

Details

Unit: DDC 310

Allowed mounting positions:	All, except top side down
Connection type:	Drive only
